NOTICE

■ [Notice] Final Stage — Thursday, July 16

The competition hosted by our Foundation differs fundamentally from ordinary competitions that merely rank participants and award one-time prize money. This competition is built upon the Foundation's core motto: **"When businesses thrive, artists thrive. When artists thrive, the nation thrives."** It serves as a platform for establishing a solid cultural arts ecosystem where business leaders and artists grow together and support one another.

The Final stage is an extension of this vision — a panel of business judges with a deep commitment to Mecenat (arts patronage) will participate directly, becoming strong partners and companions to each artist.

1. Final Selection & Matching Method

◆ Business Pick Artists (Total: 10)

The panel of business judges who watch the Final will directly match (Pick) artists. The 10 selected artists will be connected 1:1 with a company, linking them directly to that company's major Mecenat activities and official cultural events.

◆ Top 3 Artists (Total: 3) — Advancing to Carnegie Hall, New York

Based on a comprehensive evaluation of artistry, technique, stage presence, and all other judging criteria, the top 3 highest-scoring artists will be given the opportunity to perform on the dream stage — Carnegie Hall in New York City, USA.

[Additional Privilege] All Top 3 finalists will also participate in the official opening performance of the [Carnegie LEE Foundation 7th Anniversary Commemorative Concert featuring Sumi Jo].

2. Benefits for Final Participants (Continued Growth Support)

◆ Ongoing Performance Opportunities at Foundation Events

Artists who forge connections through this competition will continue to perform at various planned concerts and official events operated by our Foundation, growing together with the Foundation on an ongoing basis. Top 3 finalists will also participate in the official opening performance of the [Carnegie LEE Foundation 7th Anniversary Commemorative Concert featuring Sumi Jo].

◆ Artists & Business Leaders Private After Party

After the competition, an official networking party will be held where sponsoring business leaders and artists can communicate directly. This will serve as the first step toward a meaningful and mutually beneficial partnership.

At this Final stage — where businesses and artists grow together to open the future of Korean cultural arts —
we invite you to showcase your outstanding talents to the fullest.

We wholeheartedly cheer you on to perform at your very best on this magnificent Final stage.
